Alexis ★★★★★ Reviews

🎓 **Qualified Tutor | National University of Singapore | MSc in Mathematical Sciences**

I have 8 years of experience tutoring IGCSE Maths, A-Level Maths, and IB Maths. I earned an MSc in Mathematical Sciences from the National University of Singapore and a BSc in Applied Mathematics from Nanyang Technological University, guiding students to academic excellence.

Teaches: IGCSE Maths   A-Level Maths   IB Maths   IB Physics   IB Chemistry

Curriculum: IGCSE   A-Level   IB

Qualifications

National University of Singapore: MSc in Mathematical Sciences (2016–2018)

Nanyang Technological University: BSc in Applied Mathematics (2012–2016)

Vetted Tutor 💬

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

Over the past eight years, I have worked extensively with students across Singapore and internationally, focusing on Mathematics and the Sciences. I have helped IGCSE students excel in core topics like algebra and trigonometry and supported A-Level and IB students in mastering complex areas such as calculus and probability. My students often secure placements in top universities globally.

In addition to Mathematics, I have guided students through Physics and Chemistry at the GCSE and IGCSE levels, helping them connect mathematical concepts with real-world scientific applications. This interdisciplinary approach has enabled many of my students to gain a deeper understanding of their coursework and achieve remarkable academic success.

My experience also includes mentoring students for competitive exams like SATs, AP exams, and university entrance tests, providing personalised guidance for exam preparation and admissions. From crafting study plans to reviewing practice tests, I aim to equip students with the confidence and knowledge they need to excel.
